For Supreme Judge— MICHAEL DONNELLY, Henry. For Datry and Food Commissioner-PRILIP H. BRUCK, Franklin. For Member Board of Public Works-JOSEPH J. PA'ı ER, Botler.

Convention Hall, Cedar Point, O., Sept. 4.—The Democratic state convention assembled in the pavillon at this summer resort, shortly after 10 a. m. The decorations were elaborate and the attendance was large. The pavilion stands directly on the beach of Sandusky bay, one side of It overlooking the water, so that the audience was fanned by the lake breezes. The weather was ideal, and no larger crowd could have been more comfortably situated.

Previous to the convention assembling the first congressional district delegation settled its contest by making Lewis G. Bernard state committeeman, instead of Prescott Smlth. There was another fight in the meet ing of the Twelfth district, where the

vote for state committeeman resulted in 20 for Fred J. Heer and 20 for C. C. Philbrick, and the tie vote contest was left to be settled by the state committee, and later it decided in favor of Heer.

Mayor Tom L. Johnson was escorted across the bay from Sandusky to Cedar Point by a large party of friends, and received a great ovation on landing at the beach.

'After Hon. W. J. Frey, chairman of the Democratic state central committee, had secured order, prayer was offered by Rev. Theodore J. C. Stelihorn. Chairman Frey then reviewed the history of the last campaign, congratulated the party on the harmonious and organized condition of the Ohio Democracy at this time, and presented to the convention the report of year on ways and means for better organization. He explained that this report meant the establishment of a thorough precinct, ward and township first, Harry F. Payer, Cuyahoga. organization ready for immediate campaign survice.

In praising the work of the quintet, headed by Harvey Garber, candidate for congress in the Fourth distrist, he said: "This committee has filed the names of 1,000 Democrats in Ohio, who could be called upon for work during the campaign, and that and Payer was made secretary as a on its lists are names of men in every locality who have agreed to take the local responsibility of an active organization for the coming campaign."

on a continuance of such a committee to maintain a permanent organization the year round. He would have subscribing members to this permanent as their seats were contested.

committee, each of whom should pay \$10 a year to bear its expenses. in return for these contributions, Frey wanted an official bulletin issued each month for their Information, containing the latest polltical news, in order that the cohorts might be constantly ready for work The organization, which the special committee labored a year to build up, was turned over to the state central committee entirely own work, and it has not an outstanding bill. This means a substantial saving to the state central committee, sald Frey, in the coming campaign.

At the close of Chairman Frey's address, the report of the old quintet was adopted and the committee of five was discharged and the state executive ecmmittee of nine selected by the state central committee was submitted in its stead as successor in the permanent organization of the party. Hon. Tom L. Johnson was then in-

troduced as the temporary chalrman. Besides his set speech Mr. Johnson diverted to make references to events of the past few days, especially to the recent revolt in Chelnnati against what he called "board rule," under a boss at Cincinnati.

There were eries of "how about the boss of Cleveland," and other demonttrations, but the speaker commanded the closest attention, and was ioudly applauded at the close of his speech, receiving three cheers and a tiger.

Hon. Charles W. Baker of Cincinnati presented the name of the Rev. Herbert Bigelow, pastor of the Vine Street church at Cincinnati, for secretary of state, and he was nominated without opposition.

For both the long and the short terms as supreme judges the names. of a haif dozen or more eminent lawyers had been mentioned. The rules Michael Donnelly of Napoleon, who was regarded as the Johnson man, was nominated by acclamation.

For food and dalry commissioner, the name of Senator John Krause of Cleveland, a friend of Mayor Johnson, was presented by representative M. E. Meiser and the name of Hon. Phllip H. Bruck of Columbus was presented by Webster P. Huntington.

Huntington closed with the following allusion to what was called the Johnson slate: "We stand with devotion and enthusiasm for the platform you have adopted, and for the candl dates thus far nominated. We gladly accept a leadership from Cuyahoga driven. Recognize the claims of ali the Democrats of this great state upon your consideration. Shun factionalism and sectionalism and parthallty as you would the devil, and swolien. give us the justice we deserve."

The first ballot for dairy and food commissioner stood: Krause, 380; Bruck, 398. Bruck was declared the nominee and the Johnson slate in this case was broken.

For member of the board of public works, Joseph J. Pater of Hamilton was nominated by acclamation.

After adopting the rooster as the party emblem, authorizing the state committee to fill vacancies, and thanking the management of Cedar Point, the convention adjourned.

The platform declared in favor of the Kansas City platform without specifically mentioning the 16-to-1 sllver plank, and praised W. J. Bryan. It discussed state taxation laws and the municipal code, declaring in favor

SECRET SERVICE AGENT IS KILLED.

The Shocking Accident Occurred While the President Was Enjoying a Coaching Trip Over the Berkshire Hills From Dalton to Lenox.

Lenox, Mass., Sept. 4.-A terribie accident overtook the president's coach a short distance from Pittsfield, Mass. After a short visit to the home of ex-Senator Dawes, the president started on the long drive to Lenox. He had not gone far when an electric car ran into them, throwing everyone to the ground and badly damaging the vehicle.

The president received cuts on the head. Governor Crane was bruised. William Craig, the secret service man, was instantly killed. The president was able to resume his journey to Lenox, but sent word ahead that there should be no cheering.

After leaving Senator Dawes' house the four carriages containing the were suspended, however, and Judge president and his immediate party were driven down South street, two carriages on either side. When near the Country club and at the rallroad crossing, an electric car was noticed and miners. Commissioner Wright coming at a terrific rate of speed. > Secret Service Agent William Craig was killed outright, and D. J. Pratt, the driver of the coach, sustained a fracture in the skuii, which it is feared will result fatally. The coach was a regulation tally-ho vehicle. The accident happened at a point about a mile and a half from this city, near the Pittsfield Country elub house, while the president and his party were enjoying a coaching trip from Dalton, Governor Crane's home, where the president spent the night, to Lenox, a distance of about livered a speech of two hours' 23 miles over the Birkshire hills.

Conductor and Motorman Arrested. The car was in charge of Conductor James Keijy, with Motorman Luke J. Madden on the front platform. The car struck the coach in the rear and smashed in the back of the vehicle, tipping it over and throwing its occupants to the ground. The car was badly damaged. Motorman Madden and Conductor James Kelly were at once arrested and taken to Pittsfield. Pratt, the driver of the coach, also was taken there and placed in the Pittsfield hospital.

The president and party went to the Country club nearby, where their wounds were dressed. In a short time they proceeded to the Curtis hotel, Lenox.

The president retained his usual composure, although he was solicitous for the rest of those in the carriage. The excitement was intense. and rumors flew thick and fast that the president had been killed. After dent for an hour, the president determined to continue his journey to Stockbridge. After a brief stop at Lenox ho was driven to the train. Dr. panied the president, gave medical assistance.

The president's program included a and Stockbridge and Great Barrington, in Massachusetts, and at New cut. At Bridgeport the yacht Sylph and 5. was to meet him and take him back to Oyster Bay.

He stopped just long enough to say a few words. "I presume you have heard that our party met with an accident, in which one man was killed. Therefore, I shall not address you beyond thanking you for your kirl reception and request that you make no applause or demonstration of any kind."

SHOT BY AN ATTORNEY. A Prowling Negro Receives a Builet In His Groin.

Cleveland, Sept. 4.-Simon Johnson, a negro, who gave his home as Chicago, was shot down just outside the residence of Attorney Charles M. Sheidon of 3972 Euclid avenue, by a rifle in the hands of Mr. Sheldon. The negro managed to escape atter being shot, but was trailed by bloodhounds and eaptured about 600 yarus from the house. The capture of Johnson, It is believed, clears up the mystery in a series of burglaries which have Cleveland for three weeks past.

Mr. Sheldon was awakened by a noise in his house, and arising he saw a negro just outside his door. He procured a rifle and shot the man in the groin. The negro was taken to the town hall and a physician summoned. His injuries are probably ing with the strongest fleet affoat.

Ex-Governor Boies, who is leading the forces who desire the silver question ignored, would not concede his defeat. H. C. Taylor of Davis county aeted as temporary chairman, and delength.

Protective Tarlff Denounced.

Sacramento, Cal., Sept. 4. - The Democratic state convention adopted a platform denouncing a protective tariff and the trusts as inimical to the best Interests of the people; favoring the complete exclusion from all American territory of Chinese; demanding the enactment of laws, state and federal, prohlbiting the issuance of injunctions in labor disputes infringing upon the rights of free speech, free assemblage and freedom to organize. The platform endorses the construction of the Isthmian canal, and favors legislation looking to its early completion, favors an 8-hour day for all government employes and the eonstruction of government vessels in navy yards.

THIRD ATTACK ON THE COAST FORTS.

The Maneuvers Are Regarded as Effective as Well as Spectacular. Decision of the Umpire Anxiously Awalted.

New London, Conn., Sept. 4. - At sunrise the naval enemy made lts third attack on the forts of New London district. it is said to have been most effective, as well as most spectaeular move that has taken place since the maneuvers begun. The firing begun at 4:50 a. m., and continued almost incessantly for two hours, being directed at Fort Wright, Fisher's island. The attacking squadron was composed of the battleships Kearsarge, Aiabama, Massachusetts and Indiana.

The sun was well up when the four been terrorizing the residents of East ships were seen coming from the direction of Gardiner's bay. Just as soon as the first ship was in firing distance she was fired upon from Fort Wright, it seemingly being the purpose to capture that strongly fortitied place, believed to be capable with the aid of Forts Michie and Terry of cop-The ships kept pretty well out in passing Raee Rock light, but made no attempt to enter into an engagement with elther Miehle or Terry, very lew guns being fired from these forts during the two hours of fighting. It was a determined attack on Fort Wright. and the firing from the guns and mortars of the fort was kept up incessantly as the four ships formed in line for battle and sailed slowly by the fort, exchanging shot for shot, as far

Before attacking the fort, the ships made a detour and then swung weil in towards Fisher's island and commenced the bombardment after two ships each had taken position at the front and rear of Fort Wright.

Colonel Davis, commanding the district, was at the signal station. The firing was kept up for about half an hour, when the ships salled weil out towards the Race again, the defenders believing the ships were to retreat in the direction whence they came. Suddenly the ships turnel, and again made a vigorous attack on Fort Wright, this time attempting to make principal Issue was the wording of a landing. After the conclusion of this second attack, the ships steamed out into the race and back in the direction of Block island.

Both on the passage and from Fort Wright, the ships made attacks on Fort Mansfield at Napatree Point, and It is quite likely that Mansfield will be considered as having been reduced by the enemy, and perhaps the enemy will claim Fort Wright, for the ships certainly dld put up the fiercest kind of a navai attack. They were handled skillfully, and their fire was very effective. Stili army officers cialm that Fort Wright was competent to cope with four battleships even without assistance from Fort Michle and Fort Terry. The decision of the umpire is anxiously awaited.

Gates' Petition Granted.

Denver, Sept. 4 .- The United States circuit court assumed jurisdiction in the suit of George E. Bartlett for an injunction to restrain the Colorado Fuel and Iron company from holding its annual ejection of officers. The sult was brought in the district court of this state, and Judge Mullins granted an ex parte injunction, causing an Indefinite postponement of the eleetion, which was to have been field in this city on Aug. 20. Attorneys for John W. Gates and associates, who are seeking to gain control of the company, petitioned the federal court to assume jurisdiction in the case, and the application was granted by Judge H. C. Caldwell.

Cornelius N. Blass, who was the custodian of the Republican campaign fund in 1896, and who was Secretary of the Interior in McKinley's first administration, was forced to resign from the Board of Managers of the American Protective Tariff League because of the "gone daftness" of that organization on the tariff question. Mr. Bliss is a high tariff advocate himseif, but the views of the league have become so notoriously extreme that Mr. Bliss withdrew in order to make his protest as forcible as it is possible to make it.

THE SUGAR SITUATION.

But for artificial repulsion the trade of Cuba would as naturally toward the United States as the water in the Delaware river flows into the bay, asserts the Philadelphia Record. But in order to insure the sugar trust a profit of \$39 per ton on their products we refuse to abate any part of our tax on cane sugar produced in Cuba, whereby we would secure a reciprocal reduction of Cuba tarisf rates on articles imported into the islands from the United States. This is Minerva. a double injury to the people of Cuba and to the people of the United States. The Cubans are deprived of their natural market for their chief article of agricultural production and of the advantages of cheaper access to our markets; and the people of the United States are prevented from getting cheaper sugar from the nearest source of supply and prevented from a profitable exchange of their wares in payment thereof. The people of both countries are fleeced in order that the sugar trusts may reap larger profit. So powerful are the trusts and so weak is the Roosevelt administration in dealing with them that it is now evident that the Republican party will have to go to the people this fall in an attitude of lick. Second premium, \$5; James Poe, Augusta. default. The trusts have compelled the North Fork. party to abandon its policy of reciprocity and to shamefully break faith with a weak and struggling people who, after years of struggle and suffering, have with our aid established the latest of all the American Republics. This is a shameful situation. We are absolutely driving the people of Cuba in their desperation into the arms of our great commercial competitors.

t)a this point, however, it is well to remember that the Democrate of the House succeeded at the last session of Congress in getting an amendment through striking off the differential duty that specially favors the trusts, but of course it didn't get through the Senate.

OUR NEW

Department!

It is with a great deal of pleasure that we announce the opening of our Shoe Department for Ladies, Misses and Children on MONDAY, September 8th, and we cordially invite the public to give same a thorough inspection. Having ing had eighteen years' experience in handling the products of many shoe factories, we feel satisfied that the lines we have selected to carry are the models of shoe perfection. Our immense line will embrace the "Hanan" shoes for women, which are, no doubt, the highest grades of women's shoes made.

The famous "QUEEN QUALITY" shoes, known the world over as the best wearing and most comfortable Shoes manufactured, will be sold exclusively by us. Our department will also contain several other famous makes of shoes. Special announcement in to-morrow's paper.

Be just, kind and conscientious in all your dealings.

Woman is often referred to hy man as "doubling his joys and halving his sorrows." That your generous help and beautiful displays in our may be complimentary hut It would seem to he rather hard on the woman. For in plain terms in a large measure our success at our fair that it means that where things are going well with the man his wile makes them go better. But when things are going ill with him, he expects the wile to share hail his burden. And there's more truth than poetry in this presentation of Jack, has closed. Rev. Reed went from here to masculine selfishness. Men dou't appreciate the Epworth to conduct a ten-days eamp meeting, fact that the strain of motherhood aloue is a hurden bigger than all the loads that rest upon male shoulders. They see the wife grow thin, pale, nervous and worn without a thought that she is over-burdened. Among the pleasant letters received by Dr. Pierce are those from husbands who have waked up belore it was too late to the crushing burdeus iaid upon the wife, and in the search for help have lound in Dr. Pierce's Favorite Prescription a restorative which has given back to the mother the health of the maideu and the maiden's happiness. THE CZARINA. Unpleasant Experience Which Befalls

Her Officially Reported. St. Petersburg, Sept. 4.—The official Journal De St. Petersburg contained the following announcement: "Some months ago certain changes occurred in the condition of the czarina, which indicated pregnancy. Now owing to a deviation from the normal course of pregnancy, her majesty has had a miscarriage. There are no complications. Temperature and pulse are normal."

No Danger Feared.

Copenhagen, Sept. 4.-Messages received at the court here announced that the czarina was in a serious condition, but that no further danger was anticipated. It was also suggested that possibly the dowager czarina of Russla, who was to have left St. Pecompanied by King George of Greece, will postpone her departure in consequence of the czarina's iliness.
